

The Endangered Species Act provides for a public hearing on this proposal, if requested. Requests must be filed within 45 days of the date of the proposal. Such requests must be made in writing and addressed to the Regional Director of the Service (See **ADDRESSES** section).

#### National Environmental Policy Act

The Fish and Wildlife Service has determined that an Environmental Assessment, as defined under the authority of the National Environmental Policy Act of 1969, need not be prepared in connection with regulations adopted pursuant to section 4(a) of the Endangered Species Act of 1973, as amended. A notice outlining the Service's reasons for this determination was published in the *Federal Register* on October 25, 1983 (48 FR 49244).

#### Proposed Regulation Promulgation

#### PART 17—[AMENDED]

Accordingly, it is hereby proposed to amend Part 17, Subchapter B of Chapter I, Title 50 of the Code of Federal Regulations, as set forth below:

1. The authority citation for Part 17 continues to read as follows:

Authority: Pub. L. 93-205, 87 Stat. 884; Pub. L. 94-359, 90 Stat. 911; Pub. L. 95-632, 92 Stat. 3751; Pub. L. 96-159, 93 Stat. 1225; Pub. L. 97-304, 96 Stat. 1411 (16 U.S.C. 1531 *et seq.*)

2. It is proposed to amend § 17.11(h) by adding the following, in alphabetical order under Insects, to the List of Endangered and Threatened Wildlife:

#### § 17.11 Endangered and threatened wildlife.

\* \* \* \* \*

(h) \* \* \*

#### Inyo National Forest; Mono Basin National Forest Scenic Area Advisory Board; Meeting

The Mono Basin National Forest Scenic Area Advisory Board will meet at 9:30 a.m. on October 24, 1986, at the Presbyterian Church in Lee Vining, California. The agenda of the meeting will include:

1. Update on Summer Season, etc.
2. Private Land Guidelines.
3. Comprehensive Management Plan.
4. Minor Boundary revisions.

The meeting will be open to the public. Persons who wish to attend and make oral presentation should notify Dennis W. Martin, Forest Supervisor, Inyo National Forest, 873 N. Main Street, Bishop, California, 93514. Telephone: (619) 873-5841. Written statements may be filed with the Committee before or after the meeting.

The Committee has established the following rules for public participation:

After the Board has completed discussion of each topic, the public will be allowed time for questions or comment.

Dated: September 18, 1986.

Dennis W. Martin,

Forest Supervisor and Chairman.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-122-503]

#### Iron Construction Castings From Canada; Amendment to Final Determination of Sales at Less Than Fair Value and Amendment to Antidumping Duty Order

**AGENCY:** International Trade Administration/Import Administration/Commerce.

**ACTION:** Notice.

**SUMMARY:** As a result of correction of clerical errors, the Department of Commerce (the Department) is amending its final determination in this investigation and its antidumping duty order, and is directing the U.S. Customs Service to adjust the cash deposit as follows:

Manufacturer/producer/exporter	From	To
Mueller Canada Inc.	9.8	9.8
Bibby Ste. Croix Foundries, Inc.	8.6	8.6
LaPerle Foundry, Ltd.	3.9	4.4
All others	7.0	7.5

**EFFECTIVE DATE:** September 25, 1986.

#### FOR FURTHER INFORMATION CONTACT:

Mary S. Clapp, Office of Investigations, Import Administration, International Trade Administration, Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 377-1769.

**SUPPLEMENTARY INFORMATION:** On January 16, 1986, we published a final determination of sales at less than fair value for Iron Construction Castings from Canada (January 16, 1986, 51 FR 2412). On February 19, 1986, in accordance with section 735(d) of the Act (19 U.S.C. 1673d), the United States International Trade Commission (ITC) notified the Department that imports of this merchandise are materially injuring

a United States industry. After being notified of these findings, the Department published an antidumping duty order (March 5, 1986, 51 FR 7600).

The detection of clerical errors by counsel for petitioners and respondents has caused us to review all of our calculations in the investigation. We have discovered and have corrected other clerical errors in the calculations. Consequently, we are amending our final determination by changing the weighted-average margins.

We are also amending our antidumping duty order to reflect these weighted-average margins. Accordingly, the order is amended to read as follows: on and after the date of publication of this notice, United States Customs officers must require, at the same time as importers would normally deposit estimated Customs duties on this merchandise, a cash deposit equal to the estimated weighted-average antidumping duty margins as noted below.

Manufacturer/producer/exporter	Weighted-average margin (percent)
Mueller Canada Inc.	9.8%
Bibby Ste. Croix Foundries, Inc.	8.6%
LaPerle Foundry, Ltd.	4.4%
All others	7.5%

Gibert B. Kaplan,

Deputy Assistant Secretary, for Import Administration.

#### Malleable Iron Pipe Fittings From Japan; Initiation of Antidumping Duty Investigation

**AGENCY:** International Trade Administration, Import Administration, Commerce.

**ACTION:** Notice.

**SUMMARY:** On the basis of a petition filed in proper form with the United States Department of Commerce, we are initiating an antidumping duty investigation to determine whether

certain malleable iron pipe fittings from Japan are being, or are likely to be, sold in the United States at less than fair value. We are notifying the United States International Trade Commission (ITC) of this action so that it may determine whether imports of this product are causing material injury, or threaten material injury, to a United States industry. If this investigation proceeds normally, the ITC will make its preliminary determination on or before October 14, 1986, and we will make ours on or before February 5, 1987.

**EFFECTIVE DATE:** September 25, 1986.

**FOR FURTHER INFORMATION CONTACT:** Mary S. Clapp, Office of Investigations, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 377-1769.

**SUPPLEMENTARY INFORMATION:**

**The Petition**

On August 29, 1986, we received a petition in proper form filed by the Cast Iron Pipe Fittings Committee. In compliance with the filing requirements of § 353.36 of the Commerce Regulations (19 CFR 353.36), the petition alleged that imports of the subject merchandise from Japan are being, or are likely to be, sold in the United States at less than fair value within the meaning of section 731 of the Tariff Act of 1930, as amended (the Act), and that these imports are causing material injury, or threaten material injury, to a United States industry.

**Initiation of Investigation**

Under section 732(c) of the Act, we must determine, within 20 days after a petition is filed, whether it sets forth the allegations necessary for the initiation of an antidumping duty investigation and, further, whether it contains information reasonably available to the petitioner supporting the allegations.

We examined the petition on malleable iron pipe fittings from Japan and have found that it meets the requirements of section 732(b) of the Act. Therefore, in accordance with section 732 of the Act, we are initiating an antidumping duty investigation to determine whether malleable iron pipe fittings from Japan are being, or are likely to be, sold in the United States at less than fair value.

**Scope of Investigation**

The products covered by this investigation are certain malleable cast iron pipe fittings, advanced in condition by operations or processes subsequent to the casting process other than with

grooves, or not advanced, of cast iron other than alloy cast iron, as currently provided for in items 610.7000 and 610.7400 of the *Tariff Schedules of the United States Annotated (TSUSA)*.

**United States Price and Foreign Market Value.**

Petitioner based United States price on published list prices in the United States. Petitioner then made deductions from those prices for distributor's discounts, distributor's markup, U.S. inland freight, customs duties, ocean freight and insurance.

Petitioner based foreign market value on a U.S. producer's cost of production with adjustments for cost differences in certain production inputs in Japan. Petitioner added the statutory minimums of ten percent of the production cost for general expenses and eight percent for profit. Packing costs were also added and were based on actual expenses of a U.S. producer.

Based on the comparison of United States price and foreign market value, petitioner alleges average dumping margins ranging from 159.6 to 290.7 percent.

**Notification of ITC**

Section 732(d) of the Act requires us to notify the ITC of this action and to provide it with the information we used to arrive at this determination. We will notify the ITC and make available to it all nonprivileged and nonproprietary information. We will also allow the ITC access to all privileged and confidential information in our files, provided it confirms that it will not disclose such information either publicly or under an administrative protective order without the consent of the Deputy Assistant Secretary for Import Administration.

**Preliminary Determination by ITC**

The ITC will determine by October 14, 1986, whether there is a reasonable indication that imports of malleable iron pipe fittings from Japan are causing material injury, or threaten material injury, to a United States industry. If its determination is negative, the investigation will terminate; otherwise, it will proceed according to the statutory procedures.

Gilbert B. Kaplan,

*Deputy Assistant Secretary, for Import Administration.*
